

10. Create a simple cloud software application for online super market using any Cloud Service Provider to demonstrate SaaS with the template of customer name, address, phone, email, items, quantity etc. with the item classification form

Step 1: Create the form for the booking items in the Groceries

The screenshot displays a web browser window with two tabs. The active tab is titled 'abhinavreddy1688savesavee' and shows a Zoho Creator application named 'Online super market'. The URL in the address bar is 'creatorapp.zoho.in/abhinavreddyt1688.sse\_saveetha/online-super-market/#Form:Groceries'. The application interface features a dark blue sidebar on the left with the title 'Online super market' and a menu containing 'Groceries' (selected), 'All Groceries', 'Address Details', and 'Payments'. The main content area is titled 'Groceries' and contains a form with the following fields: 'Quantity' (a numeric input field with a value of 1), 'Sugar' (a text input field), 'Vegetables' (a text input field), and 'Instant products' (a text input field). Below these fields are 'Submit' and 'Reset' buttons. The top right of the application shows a 'Trial expires in 10 days' message and links for 'Upgrade', 'Edit this application', and 'Help'. The Windows taskbar at the bottom shows the date as 18-03-2024 and the time as 09:15.

Step 2: Create the form the delivery address

The screenshot displays the same Zoho Creator application, but the URL in the address bar is 'creatorapp.zoho.in/abhinavreddyt1688.sse\_saveetha/online-super-market/#Form:Address\_details'. The sidebar menu now has 'Address details' selected. The main content area is titled 'Address details' and contains a form with the following fields: 'Name' (split into 'First Name' and 'Last Name' input fields), 'Phone' (a text input field with a dropdown menu set to '+91' and a value of '81234 56789'), 'Address' (split into 'Address Line 1' and 'Door number' input fields), and 'City / District' and 'State / Province' (two separate input fields). 'Submit' and 'Reset' buttons are at the bottom. The application header and Windows taskbar are consistent with the previous screenshot.

Step 3: Create the form for the payments
